Lauren & Calum's Wedding Film

"We are honestly lost for words with how good they are, you've manage to capture so well the feeling on the day and we couldn't be happier."

Lauren & Calum

What We Capture

From big emotions, to little details, we capture faces and reactions, sniffles and interactions, sounds and songs.

Some call it candid.
We call it Keepsakes

Capturing the footage is one thing...

Conveying emotion through the screen is another.

We construct our films to properly convey your emotional moments.

Timed perfectly to matching music, we aim to make you laugh and cry, all in one 3-6 minute film.

"Scott & Katie came to our wedding in Italy and captured our incredible moments. We can't stop looking through the album and we highly recommend Keepsake Creates to absolutely anyone. You won't be disappointed!"
